

# TARRANTS TALKING FOR FORTUNE

CALLS: TV star Chris

CHRIS Tarrant and wife Ingrid are speaking again... so they can work out their divorce.

Until now the TV presenter has only exchanged text messages with Ingrid, 52, heartbroken after learning of a 10-year affair.

But this week the couple, married for 15 years, finally began lengthy phone conversations to discuss splitting Chris's £34 million fortune. A friend said: "It's a step in the right direction."

Chris, 60, makes his first public appearance since the split at the National TV Awards on Tuesday.
